

# MYREDTOKEN

MY RED TOKEN is Created by TheDigiCloud

MY RED TOKEN is created to provide easy and hassle-free platforms for utility payments, gift cards, Coupons, and earning through multiple online games like casinos, fantasy cricket, and a lot more.

MY RED TOKEN (MRED) is a new open-source payment ecosystem that builds on Blockchain technology. This Token functions with a Polygon network that support Smart contracts. MRED allows users for fast, low-cost transactions which are not controlled by a centralized source.

## MISSION GREEN ENVIRONMENT

We are launching Green Environment Campaign. The green Environment campaign aims of saving the environment by planting more trees. This is a

nonprofit project, and as a devoted team, we want to do something for our environment, growing and protecting our planet, Plant A Tree forests for a better and greener tomorrow!

## OUR MAJOR PROJECTS
